FEB 11 2000

Mr. Russell Townsend
Environmental/Chemical Engineer
Dal-Tile International
7834 C.F. Hawn Freeway
Dallas, TX 75217

Dear Mr. Townsend :

RE: Determination of No Further Corrective Action at
the Dal-Tile International facility in Lansdale, Pennsylvania.

The United States Environmental Protection Agency (EPA) has determined that no further corrective action is required at the Dal-tile International Facility at this time. The decision is based on the USEPA Environmental Indicator Inspection Report and the review of existing information.

Enclosed is the official notification that states no further corrective action is required at the Dal-Tile International Facility in Lansdale, PA at this time. If you have any questions regarding this letter, please do not hesitate to contact me at (215) 814-5467.

Sincerely,

A handwritten signature in black ink, appearing to read "Khai M. Dao", is written over a horizontal line.

Khai M. Dao
RCRA Project Manager

cc: Daniel Snowden (PADEP)
Paul Gotthold (EPA)

Enclosure: U.S. EPA Agency Determination

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

PROPOSED AGENCY DETERMINATION

UNDER THE
RESOURCE CONSERVATION AND RECOVERY ACT
AS AMENDED BY THE HAZARDOUS AND SOLID WASTE
AMENDMENTS OF 1984

Issued to: Dal-Tile International (formerly American Olean Tile), Lansdale, PA
Facility

ID Number: PAD 002 347 003

Facility: 1000 Cannon Ave., Lansdale, PA, 19446

This Agency Determination is issued by the United States Environmental Protection Agency (EPA) under the authority of the Solid Waste Disposal Act as amended by the Resource Conservation and Recovery Act of 1976 (RCRA) and the Hazardous and Solid Waste Amendments of 1984 (HSWA), 42 U.S.C. § 6901 et seq., and EPA regulations at 40 C.F.R. Parts 260-271 and Part 124, to the Dal-Tile International facility in Lansdale, PA (the Facility).

Although the Dal-Tile International facility does not require a permit from either the Pennsylvania Department of Environmental Protection (PADEP), or the EPA, EPA has used the administrative procedures found in 40 CFR Part 270, to provide public notice and solicit comment on EPA's draft determination. The forty-five (45) day comment period ended on February 6, 2000; no comments have been received. Therefore, EPA has determined that no further corrective action is necessary at this time.

This determination completes the corrective action process under HSWA, at this time. The Facility must continue to comply with all applicable parts of RCRA.

2.8.2000

Date Signed

Maria Parisi Vickers,
Associate Division Director for RCRA
Waste and Chemical Management Division
